What Homrich Berg Can Do For You

Homrich Berg (HB) is one of the 50 largest registered investment adviser (RIA) firms in the country based on assets under management, and a pioneer when founded in 1989 with a focus on serving clients with a fiduciary fee-only approach. HB was created on this belief over 30 years ago and has never wavered from this focus. They have grown to serve over 3000 families in 45 states, have 38 principals, and more than 175 employees. They are not salespeople pretending to be advisors, are happy to explain what differentiates them from others, and why it matters to clients. They believe in helping families have a successful financial journey, starting with identifying their goals and executing the opportunities to achieve those goals. HB is not just an investment advisor or a financial planner — they provide comprehensive advice as your family's Chief Financial Officer for all your financial needs. Clients with a high level of wealth need a financial team leader who can help them understand their options and the best plan for the future. [Learn more about Homrich Berg.](#)
